

C-Waiter™

Manufactured By Matot Inc.

TRANSPORT | EFFICIENT | DISTRIBUTION

Cost effective and efficient for almost any commercial multi-level application, our dumbwaiters are available in many sizes and various capacities.

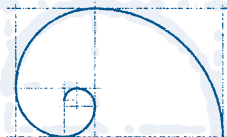

The C-Waiter commercial dumbwaiter is a reliable, cost effective alternative to manual distribution methods. This system can transport an almost endless variety of materials safely and efficiently. This user friendly system requires minimal floor space and relieves corridor, plant floor, and elevator congestion.

The C-Waiter dumbwaiter is a perfect choice for both floor-level loading and counter height loading installations. Whether a simple, standard design or a complex custom solution, our dumbwaiters allow fast delivery with short lead times.

Standard Advantages:

- Quiet single speed winding drum
- Speed 50 fpm. and up to 50 feet of travel and a maximum of (5) five stops
- Up to 500 lbs. capacity
- Steel or stainless steel cars
- Ideal for adding onto existing buildings.
- Ideally suited for heavy duty use in low-rise applications
- (1) one year manufacturers warranty on parts and workmanship.
